

# ELAC'S ENGINEERING & TECHNOLOGIES SCHOLARSHIP RECIPIENT

OF THE 2021 VINCE C. MORETTI GRIT & JUAN MARTINEZ  
OUTSTANDING SERVICE SCHOLARSHIP AWARD

**2021 VINCE  
C. MORETTI  
GRIT & THE  
JUAN MARTINEZ  
OUTSTANDING  
SERVICE  
SCHOLARSHIP**

*Gumaro Contreras*

The Engineering & Technologies Department has awarded Gumaro Contreras the 2021 Vince C. Moretti GRIT and the Juan Martinez OUTSTANDING Service Scholarship. Contreras is a student at East Los Angeles College studying Engineering and Science.

At an early age, Contreras has always been interested in science fiction and space. He desires to one day get the chance to bring those ideas from playing video games, such as Halo and Sid Meier's Civilization, to reality. Contreras has demonstrated he is an individual who sticks to his goals despite the many issues, problems, setbacks and failures all due to his true GRIT. True GRIT means the person has firmness of mind and unyielding courage. And that individual is Gumaro Contreras.
